

WEARABLE ARTS PROJECT

WHAT IS WEARABLE ARTS?

What types of materials do you have at home that you could recycle?

Examples: newspaper, plastic bottle tops, plastic bottles, plastic bags, paper bags, straws, paper plates, cans, sticks, old clothing, spoons, knives, forks, ice cream containers and old keys plus plenty more.

**We are in need of a spectacular hat!
First, take a look at the materials you have around your home. It could be materials inside the house or outside of the house, it's your choice.**

Once you have found your items to create your spectacular hat out of, list your materials.

Recycled materials list

-
-
-
-

Sit back and think about a hat you could create from your recycled materials.
Here are some examples.

When designing your hat remember to think about the shapes you have available.
What is a spectacular hat to you?

MUST HAVES

- Be able to wear it
- Must be able to balance on its own
- At least 4 recycled items

DESIGN

DESIGN AND LABEL

**Write down each step you took in
creating your hat.**

Can't wait to see your spectacular
hat arriving at school with you.
During the first week back we will
have a full-school hat bonanza!
Prizes for the best hats!!
